

Doc Brown's Key Stage SCIENCE QUIZZES for students aged ~13-14

KS3 Biology Quizzes

1.  [QUIZ 7A on "Types of cell structure, organisms, tissues, organs"](#)
2.  [QUIZ 7B on "Human reproduction, genetics, inheritance"](#)
3.  [QUIZ 7C on "Variation, classification, Ecology: environment, food chains"](#)
4.  [QUIZ 8A on "Food, nutrition, digestion and health issues"](#)
5.  [QUIZ 8B on "Respiration, function of heart and lungs, health issues"](#)
6.  [QUIZ 8C on "Microbes, diseases, protection, drugs and health issues"](#)
7.  [QUIZ 9B on "Fitness health, skeleton and muscle action"](#)
8.  [QUIZ 9C on "Plants: photosynthesis, food and reproduction"](#)

KS3 Chemistry Quizzes

1.  [QUIZ 7E Acids, alkalis, salts, pH, neutralisation, reactions of metal compounds](#)
2.  [QUIZ 7F Important chemical concepts, definitions, types of reaction, reacting mass calculations](#)
3.  [QUIZ 7G Particle models and properties of solids, liquids and gases](#)
4.  [QUIZ 7H Elements, compounds, mixtures and methods of separating mixtures.](#)

5.  [QUIZ 8E Elements and the Periodic Table](#)
6.  [QUIZ 8H Weathering, erosion, types of rocks and the 'Rock Cycle'](#)
7.  [QUIZ 9F Reactivity of metals and their extraction](#)
8.  [QUIZ 9G Resources, useful products from chemistry, the environment](#)

KS3 Physics Quizzes

1.  [QUIZ 7I "Types of energy stores, resources, energy transfers, calculations"](#)
2.  [QUIZ 7J on "Electricity and magnetism"](#)
3.  [QUIZ 7K on "Forces and their effects and motion - speed, acceleration"](#)
4.  [QUIZ 7L on "The Earth, gravity, weight, our solar system and space beyond"](#)
5.  [QUIZ 8I on "Heating, cooling, state changes, thermal energy transfer"](#)
6.  [QUIZ 8K on "WAVES - light and sound"](#)
